A circular tag (blue and white) is used by volunteers of the Southwest Monarch Study, coordinated by Gail Morris, in AZ and CA. [swmonarchs@yahoo.com](mailto:swmonarchs@yahoo.com), or [tag@swtag.org](mailto:tag@swtag.org)

Washington State University uses a circular white tag to track monarchs tagged in the Pacific Northwest. David James [david.james@wsu.edu](mailto:david.james@wsu.edu)

Students from Salt Lake City and volunteers from Utah Envirothon mark the lower wings, blue-males, red-females. Ron Hellstern [redrockron@gmail.com](mailto:redrockron@gmail.com)

Fluorescent orange circular tags (C0149-C1000 & B0676-B1000) tags are from MonarchQuestAZ, using a telephone number. The monarchs are exclusively tagged in Southeast AZ. Joe Billings [sw.dplex157@yahoo.com](mailto:sw.dplex157@yahoo.com)

Reddish orange-less bold (C0001-C0148) tags are from MonarchQuestAZ, using a telephone number. The monarchs are exclusively tagged in Southeast AZ. Joe Billings [sw.dplex157@yahoo.com](mailto:sw.dplex157@yahoo.com)

"Punchout Series" (0155-0459) tags are from MonarchQuestAZ, using a telephone number. The monarchs are exclusively tagged in Southeast AZ. Joe Billings [sw.dplex157@yahoo.com](mailto:sw.dplex157@yahoo.com)
